

Inviting Applications for XI
Certificate Programme in
Foundations of Education

Last date for Application

31st July, 2015

XI Certificate Programme in Foundations of Education

Digantar's Certificate Programme in Foundations of Education attempts to give participants a systematic theoretical framework and perspective on education.

The Programme initiates learners into theories of education from philosophical, sociological and human learning perspectives, and also looks at core curricular areas and systemic issues in school education.

During the course of the workshops participants are encouraged to develop a deeper understanding of their experiences and problems in the field in the light of the perspectives provided.

Workshop I
12 - 21 Sept. 2015
